- Beloved Child in Christ -

It is so late - now that it has been revealed to you that you are a Master of all Physical let me take this a step further. That part of your nature which needed to be manifest at this time in creation and at this time in evolution was and is the master of yourself that concerns physical universe awareness. In this way a great deal of good has been accomplished and the foundation is the culmination of all you have been

working so hard on while dealing as  
a Physical Master in this life. At times  
it is necessary for a Master of spirit  
to veil himself of higher knowledge  
and come into the physical world  
to create good as a physical Master.

If one, such as yourself, John, was  
to try to come into this world with  
high knowledge of spirit & try  
to achieve all you have in the  
physical realm, it is doubtful half  
world has been accomplished. But  
by leaving you from here in  
the physical, you were able to more

fully manifest the power and to  
create that which you were meant  
to create in this life. The foundation  
is a symbol of that physical creation  
and will be as far along time in the  
future.

So let it be known to you, you are  
a Meela Soul of Spirit but veiled  
in this life to do good in the physical.  
You have served at many different  
levels of service throughout your lifetimes.  
Sometimes as of soul of the Spirit and  
other times of the physical and a few

time combining the higher & lower  
in service. Just as you have been  
weaned of some of the higher so you  
can be of fallen service to the physical,  
so you must open to the spirit  
more and more, moving the focus  
from this physical world and concern  
so he can truly manifest his service  
to humanity. So as you had to  
lose sight of spirit and focus on the  
physical to create and accomplish,  
so you must do the opposite -  
lose sight of the physical and

more with spirit to do his work. Then  
less he focuses on spirit and the more  
he concerns himself with the physical  
world - the less we can truly accomplish.  
Just as you had to focus so intently  
for years on the physical to create  
and be successful at your mission. But  
you can see now it was for the good of  
all, yourself as well as humanity.

So take to heart you are a  
Master of Spirit but in Service  
in the Physical "Veiled" so as  
to accomplish.

so in the light & close and  
in closing say - Brethren Brothers  
of Service - Take heart in knowing  
we are One -

In the Service of  
of the True Master

With Right & Service of the Master
